DETAILED ACTION

REASONS FOR ALLOWANCE

The primary reason for the allowance of claims 1-4 is the inclusion of the limitation of a printhead comprising at least first and second printhead modules of different printhead widths, the printhead modules being disposed adjacent each other to define a page width printhead having rows of printing nozzles formed by the adjacent printing nozzles rows of the adjacent printhead modules, the printing nozzle rows of the printhead being configured so that there is at least one row for printing each ink color of a plurality of ink colors. It is this limitation found in each of the claims, as it is claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jason Uhlenhake whose telephone number is (571) 272-5916. The examiner can normally be reached on Monday-Friday 8:00-5:00.
